# THE LOVE ISSUE

Ahh, love... We can't live without it. We don't live without it, and no question, it's the very best (and the hardest part) of life. Heartache is achingly, painfully real. Yet, in reality, love doesn't happen in our hearts. It takes place in our brains; a complicated series of neurons flashing, chemicals secreting and emotions emerging that can fill us to the brim and bring us to our knees. But there are a bunch of different kinds of love, right? A parent's love for a child, our love for our Grandpa, romantic love of youth, love of a couple after 50 years, the very specific love one has for the perfect, most delicious cheeseburger and the highest form of love – agape – brotherly love. Which is kinda what this newsletter is all about – our love for each other as a community, our love of this special place, Claiborne. How cool is that? Our editorial team decided to talk to some of you about this wonderfully complicated topic. We talked to oldies, newbies, ancillary Claiborne kin and we asked some Claiborne kids "What do YOU love?"

**Who DOESN'T  
love Claiborne  
Landing?**

**We all do!**

**"I love sailing!" – Edward**

We try our best to show movies that the community wants to see. All the movies for February are requests from your neighbors so please contact Pat Flory with any movie suggestions at either [patflory@gmail.com](mailto:patflory@gmail.com) or 4 43-472-6800.

We have a long standing request to show Lawrence of Arabia and hope to schedule a special showing of this movie to include soup during intermission. More to come about this...

Bring your beverage of choice and a cushion to sit on and join us at the Movies!

**Report from Kirke Harper on current status of Talbot County's revising the Comprehensive Plan:**

The Council held 10 workshops to review the draft plan submitted to them by the Planning Commission last winter. These meetings took up the spring, summer and fall and consisted primarily in Council members talking with each other and the Planning staff. During the process Staff collected new language and ideas and produced one or more matrices [that listed the suggested language or idea for change, staff's response or suggested new language]. Council held "straw votes" to guide the staff.

In late November staff then prepared a new "red line" draft plan [with all of the "Straw vote" approved changes in red]. Council then held an open meeting on December 7 with a 15 person citizen panel (I was on that panel). Next was an open meeting on December 14 with public testimony.

Following the two open meetings Staff prepared another matrix showing comments and suggested changes.

Then on Dec 29 Council held an open meeting with the Planning Commission and the Public Works Advisory Board. The Council had planned to vote on the new matrix at that meeting, but a decision was announced to send the matrix and plan back to the PC. That was a crucial decision.

**"I love this guy who I met in art class back in 1966. He was really bad... but super cute! Still is!"**

**– Suzanne Todd**

**"I love my family!"**

**– Eleanor Russell**

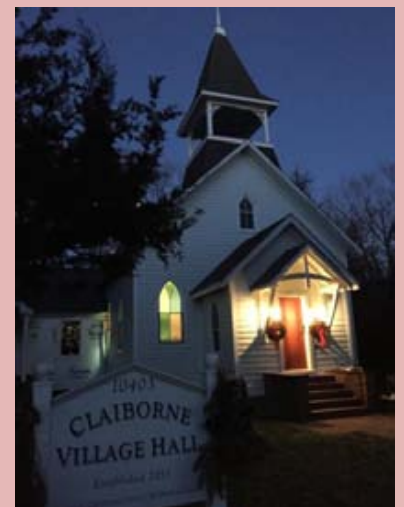

**"I love the COUCH"**

**- Sadie**

**"I love every single one of you, and here's some help for the Village Hall – oh, and please make yourselves some kind of an orchard, too!"**

**- Patti Cruickshank Schott  
(channeled by KB)**

The PC met in early January and reviewed the matrix and the "red line" draft. They will ask staff to prepare a new draft; hold a public hearing on the new draft; revise it if needed; then send it to the Council.
