September 2007

Volume 1, No. 9

The purpose of this newsletter is to acquaint and inform Claiborne residents.

Have you seen Claiborne on Youtube?
What a band of merry landlubbers!

My personal congratulations go to Kirke Harper. He has accepted the position of village representative for the Talbot County Village Center Board for a three year period. I wish you well with this task. I know you'll do a fine job for all of us here in Claiborne.

Dan Higgins, 80, has been a volunteer at Habitat for Humanity since it started in Talbot County in 1992. He has helped to complete 25 homes during that time period and we're very proud to have him as our neighbor. Dan said he got more out of the program than he has given, but, we doubt that. Thanks Dan, you are truly an inspiration to us all. If you want to get involved with this group just ask Dan. (Hope you don't mind that little blip about 80).

On Friday afternoon, August 10th, Jane Rhine took an ambulance ride to the hospital in Easton, spent a couple of days and was transferred to The Pines for a week of recuperation. I'm happy to report that Jane is back home again and feeling lots better.

Don't forget Jane, you told me you would take me on a walking tour around town and tell me lots of stories from the good old days. I'm going to take you up on that soon!

SCOOPS FROM NANCY CLARK

Reverend Dan Higgins has been asked to serve as minister of the Unitarian Universalist Fellowship at Easton for the next year.

Visits and cards please:
Mary Frances Haddaway
The Pines Room 314
610 Dutchmans Lane
Easton, MD 21601

Norm Haddaway had a very painful encounter with a dumpster which injured his foot. OUCH!

The Devine Family, Jerry, Lorri, "G" AND their very sweet dog, Leyah have moved out of town. We wish them good luck in their new surroundings.

The Stewart Marten family recently moved to California and Dr. & Mrs. Bruce Freedman are the new owners of the home on Bayside Drive.

Welcome to Claiborne!

If you've been to the dock recently you have noticed a big supply of pilings and large work equipment. Work will be starting soon on the old ferry landing which includes a new bulkhead, widening of the boat ramp, extending the ramp, etc.

SCOOPS FROM KIRKE HARPER

September 1st is the Grand Opening of Rise Up Coffee in Salisbury. It's Abby and Tim's second location and you will find them located at 529 Riverside Dr. I understand that Coffee and Cocktails are the order of the day.

Congratulations Abby and Tim!

Judy and Jack Harrald are back from a trip to Europe that included a villa on the Croatian Coast and a biking trip along the Danube.

Hugh Kabler is racing his sailboat, INKA, again this season after a bout in the hospital. His 91st birthday is any day now.

My thanks to Nancy and Kirke for their scoops! If you want to scoop me, just call or leave a note at the Post Office and I'll be happy to include your news.

School is back in session, Labor Day is just around the corner and Fall is expected to arrive on September 23rd, whether we like it or not. That means folks will be thinking about lawn care, pruning, harvesting the crops and planting new trees and bulbs. Is our work never done?

Wades Absher is home from the hospital and looking great! Saw him at the Post Office. He rode down on his golf cart to pick up the mail. Stay well Wade!

Chesapeake Bay Maritime Museum is once again sponsoring adult classes. A.L.L., as they are known, offers many very interesting and unusual classes to choose from.

Some of the offerings this fall deal with memoir writing, astronomy and model boat building. You can find out more about the classes by going to their website CBMM.org, clicking on Continued Learning and then clicking on Academy of Lifelong Learning.

I'll bet there are a few folks in town who could teach. Why not give it a try?

KIDS CORNER

For all of you students and educators heading back to school here's hoping you have a fruitful and enlightening year!

Any student that feel the need for some tutoring, please know that some of us old-timers here in the Village will be available to help. Both students and tutors may contact me at 6987. I'll be more than happy to link you up.

One of Murphy's "Lesser Know Laws":

Light travels faster than sound. This is why some people appear bright until you hear them speak! Isn't that the truth?

Stay happy and healthy!
