Village Hall Work Day!
Tuesday, January 12th
8:30am

Farewell to 2015! And what a year it was...

- * The Todds became full-time residents of Claiborne and quickly joined in to support the community by serving on the Board and on the program committee, Hannah Richardson completed an epic, coast-to-coast bike ride, Jim Richardson was pulled from the drink -no, not that drink, he was pulled out of the icy waters of the Bay after an ice sailing adventure went awry, the ukulele craze hit Claiborne like a musical tsunami with Judy Harrald, Sarah Sayre and Pat Flory strumming along, local sailors brought home the coveted King of the Miles Award along with a number of other trophies. We celebrated a special birthday with Carol Kabler, a special anniversary with the Sewells, a wedding with the Haddaways, and Alan Wright made his Claiborne singing debut! We enjoyed the annual picnic and potluck dinners, a concert with Chris Noyes' students, a concert with Joy Ike, a sing along with Jonathan Williams, and afternoon café chats with Carol Kabler and Becky Otter.
- * The temperature reached a balmy 70 degrees on Christmas Day!
- * The Claiborne work crew continued to repair, renew, and improve the Village Hall keeping an eye on the vision of a resilience center to serve the community. Along with swinging a hammer, Kirke Harper submitted proposals, drafts, plats, requests and other data on behalf of the Claiborne Association's request for permits.
- * In 2015, we also bid a loving farewell to Molly Bond, Patti Cruickshank-Schott, and John Riley who enriched the community and our lives in so many ways.

Looking forward to a happy, healthy 2016 with continued work on the Village Hall and the landscaping! Thank you for all of your contributions.

A SIX-SENTENCE STORY

BY TERRY BABB

My little brother went to college in Texas and made his home there so we don't see each other much. Way back before EZPass, I was in line to pay my bay bridge toll. As I got to the booth I was told that the car just before me had paid mine! I looked quickly but all I could catch was the bumper sticker that said "Someone in Texas Loves You". Then, almost like it was planned, my brother happened to call that afternoon. I'm sure whoever paid that toll for the car behind them that day had no idea the person would still be remembering and telling the story so many years later!

a note from Terry Boos...

We just got back from Michigan yesterday afternoon and Liz was thrilled to get the card and well wishes from some many of our Claiborne friends. Please pass on to everyone that Liz is feeling much better. She is excited to be going back to school on Monday.

Also Happy New Year to all!
